VOICES AGAINST BRAIN CANCER'S MISSION

To find a cure for brain cancer by advancing scientific research, increasing awareness within the medical community and supporting patients, their families and caregivers afflicted with this devastating disease.

Voices Against Brain Cancer was started in loving memory of Gary Lichtenstein, who lost his valiant battle with brain cancer on October 1, 2003 at the age of 24. Soon after his passing, his family started Voices Against Brain Cancer to raise money and awareness for the fight against this illness in honor of not only Gary, but of all the families all over the world who are fighting this devastating disease.
